Polanyi Society Zoom Discussion
January 20, 2024 11:00 a.m. -12:30 p.m. Central Standard Time

This session will feature Eduardo Beira and will focus on Beira’s essay “Notes on Polanyi's Interest in Heidegger” which was included in the October 2023 issue of Tradition & Discovery: The Polanyi Society Journal. Immediately below is the Abstract for Beira’s essay as well as a link to the full article which is online.

**ABSTRACT:** This essay makes use of a variety of archival materials in the Michael Polanyi Papers to show that Polanyi’s comment linking his account of “indwelling” and Heidegger’s “being-in-the-world” (in his 1964 “Preface to the Torchbook Edition” of Personal Knowledge) was a carefully considered, thoughtful philosophical claim. Materials from both before and after the writing of this Torchbook Preface make clear that Polanyi was seriously exploring connections between his emerging epistemic account and ideas developed by Heidegger as well as other modern thinkers who in the sixties often were dubbed “existentialists.”

We are presently experimenting to simplify the process of organizing Zoom Discussions. Immediately below is relevant Zoom information about this forthcoming January, 2024 session. Any updates will be posted here on the Polanyi Society web page (http://www.polanyiociety.org/). Reminder notices about this session will be posted on the Polanyi Society Discussion List (michael-polanyi-discussion-list@googlegroups.com) in early January. A recording of the session will be available on the Zoom cloud and the link for the recording will, soon after the session, be posted on the Polanyi Society Discussion List. A link for the recording on the Zoom cloud may later be available on the Polanyi Society web page under LINKS FOR RECORDINGS OF SOCIETY-SPONSORED ZOOM PRESENTATIONS AND DISCUSSIONS ON POLANYI-RELATED TOPICS.
